Let us join hands to change the future of our children –

“I have walked that long road to freedom. I have tried not to falter; I have made missteps along the way. But I have discovered the secret that after climbing a great hill, one only finds that there are many more hills to climb. I have taken a moment here to rest, to steal a view of the glorious vista that surrounds me, to look back on the distance I have come. But I can only rest for a moment, for with freedom comes responsibilities, and I dare not linger, for my long walk is not ended.”

Long Term Plan

The property boasts an Olympic size swimming pool and baby pool that is in need of repair. Since it would be too expensive to repair and maintain as well as for the safety and protection of our children; we plan to convert the big pool into an amphitheatre outfitted with a stage & chairs for our children to enjoy in a safe space. The baby pool, we would like to convert into a sandpit for the little ones to enjoy.

We have set monthly milestones to accomplish, kindly contact us and visit periodically to bear witness to our progress, as we cannot do anything without your support.

Thanks in advance for your generous assistance; together we could make a difference in our society

All welcome to assist with lots of work for the comfort of our children.
